

ISSA Workshops & Forums co-located with ISSA Cleantex Africa 2019

Johannesburg | Gallagher Convention Centre

Introduction

The premier development event for Africa's cleaning industry leaders created for your personal and professional success. Don't miss the opportunity to attend professional, international ISSA's Cleaning Management Institute (CMI) Workshops and Forums created for the professional cleaning & hygiene sector. Delegates will be able to interact with top speakers addressing topical issues and network with industry peers and exhibitors during breaks.

These workshops and forum discussions will run over the 3-day period during the ISSA Cleantex Africa 2019 exhibition, aimed at providing delegates with an opportunity to interact and view the latest equipment, products and services available in the professional cleaning, hygiene and facility management services sectors.

There are two workshops and 2 forum themes to choose from, namely:

- 1 4 June - Estimating Made Easy (EME) certification workshop, 08h30-16h00
- 2 5 June - International Accredited Auditing Professional (IAAP) certification workshop, 08h30-16h00
- 3 6 June (AM) – Healthcare Forum on Cleaning for Infection Prevention (HF) from 08h30-12h00
- 4 6 June (PM) - Next Generation Executive Mentorship Forum (NGF) from 13h00-16h00

Join these ISSA professional workshops and forum sessions to boost your career, enhance professionalism and make an impact on the overall performance of your organisation.

Tuesday, 4 June - Estimating Made Easy (EME) Work loading workshop:

Registration - 08h30 for 09h00 – 16h00

Whether you manage in-house operations or contract for services, being able to match your facility requirements with the right cleaning system and determine the number of labour hours needed to maintain your facility is ground zero.

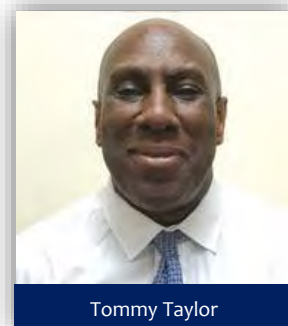

This one-day ISSA Cleaning Management Institute (CMI) workshop will examine the defined systems of costing for cleaning and discuss which system is best suited for various facility types.

It will provide you with a useable framework to enable you to simplify the work loading process and to assist you in determining whether you have the right staffing level.

It will address organisational structures, various disciplines and benefits of each system, as well as how to motivate staff to increase performance and quality

Learning objectives:

- Understand the available cleaning systems
- Being able to reduce cost and increase quality
- Tackle budget cuts
- Improve work loading and labour efficiencies
- Reduce turnover
- Master the different elements required to produce a tender

Tommy Taylor

WHO SHOULD ATTEND THE EME WORKSHOP?

This workshop is aimed at **in-house service providers** and **building service contractors** who wish to optimise resources, improve cleaning quality and gain the competitive edge in bidding for contracts.

The programme will also be suitable for **facility managers** who wish to understand how to determine the details needed to create tender specifications, or for **distributors** who wish to comprehend their customers' cleaning requirements and identify the products and services to better meet their needs

On completion, attendees will also receive a CMI Training Pack Consisting of:

- InfoClean Software
- ISSA Estimating Made Easy workbook
- Copy of the ISSA 612 Cleaning Times

Dianna Steinbach

Wednesday, 5 June - International Accredited Auditing Professional (IAAP) Certification Workshop: Registration 08h30 for 09h00 – 16h00

This workshop follows the EME Workshop and it is recommended to attend both.

Join an elite group of auditing professionals, with IAAP certification under their belt! ISSA's Cleaning Management Institute (CMI) presents this hands-on certified workshop. International Accredited Auditing Professional (IAAP) is designed for any industry professional looking to enhance their knowledge and skills around quality assurance and building audits.

Each attendee of this workshop will receive a free 30-day trial for the quality assurance Software - Smart Inspect.

Learning objectives:

- Master the key concepts of auditing
- Develop technical skills needed to perform an audit
- Understand the origin of and solutions to deficiencies
- Reduce your operating expenses while increasing employee efficiency

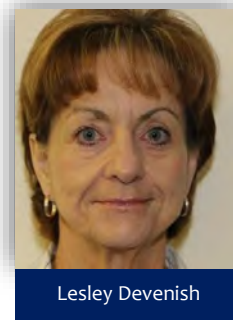

WHO SHOULD ATTEND THE IAAP WORKSHOP?

IAAP is available for **in-house service providers, building service contractors** and any other **industry professionals** interested in understanding quality assurance procedures.

Thursday, 6 June (AM) - Healthcare Forum– Cleaning for Infection Prevention (HF): Registration: 08h30 for 09h00-12h00

Marietjie Swanepoel

Zainudeen
Popoola-Aromire

Lesley Devenish

The forum consists of individual presentations and an interactive panel discussion to educate delegates on how HAI's can be reduced by effective hygiene and cleaning regimes. The team of experts will share their knowledge, covering international trends, share interesting data, examples of cleaning and patient health, the challenges when dealing with HAI's, etc. and arm delegates to better educate and influence hospital managers and doctors, to implement the correct procedures to prevent the transmission of infections through cleaning facilities the correct way with the best applications.

WHO SHOULD ATTEND:

Healthcare facility service providers | Infection Prevention Control Sisters | Hospital facility Managers | In-house cleaning service providers | Building service contractors | Industry professionals interested in Infection Prevention Control within healthcare environments.

Thursday, 6 June (PM) - Next Generation Young Executive Mentorship Forum (NGF): Registration: 12h30 for 13h00-16h00

Do you have what it takes to step up, lead, stand out and move to the next level in your organisation? Experts and mentors will educate delegates on leadership and business development and share lessons learnt during their leadership/management careers in the industry, empower you on characteristics needed to manage a successful cleaning industry company in today's environment and what the cleaning customer expects from a service company leader.

WHO SHOULD ATTEND:

Mid-level Managers | New business owners | Young entrepreneurs | Emerging leaders |
2nd Generation of family businesses | Industry professionals interested in development of young leaders
